

With access to millions of recent donors, American Media Source is the rocket fuel your cause or candidate needs. Our email recipients receive multiple newsletters from us each day, and our active files are only made up of donors who have opened our newsletters in the last 30-60 days (depending on the list).

Our donor audiences are also available to be reached over a number channels – postal, phone, digital display and SMS are all possible. Just let us know what you need! In addition to dedicated email rentals and rev-shares, we also do in-article-links (IAL's), newsletter sponsorships, and sponsored content!
